Embrach, 29<sup>th</sup> of February 2024

Dear Surgeon,

SpineSave invites you to the 2024 user meeting, taking place from 31<sup>st</sup> of May to 1<sup>st</sup> of June 2024 in Zurich.

We want to bring together spine surgeons from Europe to share their individual experience with the spineshape S-IV, exchange tips and tricks and to discuss possible indications.

The event will take place near the airport at the picturesque and vernal Zurich.

We would be delighted, if you could find the time to attend the meeting.

I am very pleased to announce that Dr. Gilles Dubois from Toulouse - pioneer in dynamic stabilization and inventor of DYNESYS - will attend the meeting and share insights about the conception and experience after 30 years of dynamic stabilization.

Looking forward to see you soon!

A handwritten signature in black ink, appearing to read "T. Guter".

Tim Guter

**Day 1**

**Keynote:**            **Dr. Gilles Dubois**            **Clinique de L'Union  
Toulouse**

## Day 2 (optional)

### Schedule

from 08:30	Breakfast at the hotel
11:00 – 15:30	Sightseeing Tour in Zurich
from 16:00	Individual departure

### Guided City Tour and Felsenegg Cable Car Trip

A city tour through Zurich, with a ferry trip across Lake Zurich and a cable car ride up to the Felsenegg vantage point.

On this varied city tour, visitors can discover Zurich's main sights in a comfortable, air-conditioned coach and a fascinating stroll through the Old Town. The drive along the Gold Coast ends in Meilen. Here we take the ferry across Lake Zurich, then continue on to the valley station of the Adliswil–Felsenegg cableway.

This amazing ride takes participants up to the Felsenegg vantage point at 800m above sea level. The popular excursion destination offers magnificent views over the city, lake, and snowcapped Alps.

**Registration for the event**
